

JOHN R. O'TOOLE

Member of Provincial Parliament
Durham

August 21, 2013

The Hon. James Bradley
Minister of the Environment
11th Floor, Ferguson Block
77 Wellesley Street West
Toronto, Ontario M7A 2T5

Dear Minister:

This letter is with regard to future plans for the "Earthworx" site on Lakeridge Rd., in my Durham Riding. An article in the local media (see attached) indicated waste management firm Green for Life (GFL) has expressed an interest in a site alteration permit for this property.

It is my understanding that consultants would be hired for an expanded groundwater monitoring at the Lakeridge Rd. site, and that a monitoring report would be submitted to the Ministry of the Environment by July 31.

Minister, could you please advise if the MOE has received a groundwater monitoring report for this site as described above? Could you also please indicate whether there are any new approvals being sought from the Ministry with regard to the property at 13471 Lakeridge Rd.?

As you will know, the protection of groundwater supplies in the Oak Ridges Moraine is of vital importance to individual home owners, local communities, and our Province. I look forward to being kept informed.

Thank you for your consideration.

Yours truly,

John R. O'Toole, MPP
Durham

Encl.

- c. Lakeridge Citizens for Clean Water
- Michael Harris, MPP – Opposition Environment Critic

This proponent has not always sought permission or permits in the past

I ask you to look into this - why pay to monitor?

Wow about letters of CREDIT.
