Corporation of the Town of New Tecumseth

Alliston, ON L9R 1A1

Your Worship:

I am writing you today on behalf of the New Tecumseth, Caledon, King – Citizens for Clean Water over their concerns with the fill activities that are taking place at the Tottenham Airfield.

As you may know, I have been monitoring this situation closely and have been working to ensure that all provincial regulations are properly enforced in order to protect our land and water. In addition to organizing a public meeting with all levels of government, I have also written to the Honourable Lisa Raitt, Federal Transport Minister on the matter. I have also contacted the Ontario Ministry of Transportation and the Ministry of the Environment and Climate Change to request an update on their efforts to monitor compliance with the truck entrance permit and fill operations for the site.

I believe that a solution to this issue must come from all levels of government. I trust that you will give the New Tecumseth, Caledon, King – Citizens for Clean Water deputation your full consideration on June 15th.

Thank you for your attention to this matter and please accept my best wishes.

Sincerely,

Jim Wilson, MPP
